

Warranty for Jireh Optoelectronics LED Replacement Products

Warranty agreement

Jireh Optoelectronics (Jireh) warrants that the Light Emitting Diode (LED) products it manufactures will be in good working order, in accordance with Jireh's standard specifications, upon delivery and installation for a period of 60 months from the date of installation. During the warranty period Jireh will, at its sole discretion, repair, replace, or refund the purchase price of defective components and assemblies. Repair or replacement products may be new, remanufactured or refurbished, at the sole discretion of Jireh. Jireh is not responsible for any costs associated with the installation, removal, reinstallation or transportation to Jireh, which are not defective or which sustained damage not covered under this warranty, will be tested and /or repaired at Jireh's standard labor rates. Only warranty claims submitted to Jireh in writing within 15 days of problem origin will be honored.

Governing law and dispute resolution

This Agreement will be interpreted and enforced according to the Pennsylvania state laws or U.S. federal laws, whichever has jurisdiction. Pennsylvania law, without reference to conflicts of laws principles, shall control the interpretation and enforcement of this Agreement.

Any arbitration is to be conducted in Reading, Pennsylvania. The Parties agree that any determination by the arbitrator(s) shall be final and binding and that judgment upon the award may be entered in any court having competent jurisdiction. The arbitrators shall have no authority to award punitive damages.

Inclusions

This warranty covers the following:

- Depreciation of light output of 30%
- Light failure due to circuit failure

Exclusions

This warranty does not cover the following:

- Priority equipment which has been improperly installed or modified without approval from Jireh
- Lightning damage or other "acts of God"
- Incidental or consequential damages
- Damage to product incurred during shipping

Product changes

Priority reserves the right to make design changes, improvements, or additions to its products without obligation to install such changes or improvements in existing products.
